

ChildServe Homecare provides specialized pediatric care that supports children and families in their homes.

- ❖ We work closely with each child's family, physicians, other healthcare professionals, and service providers to develop a child-centered, family-focused plan of care.
- ❖ We ensure each family's homecare services are provided with respect, dignity, and compassion.
- ❖ Our staff are rigorously screened, competency tested, credentialed, and enrolled in ongoing training in treatment protocols and techniques. Many have NICU, PICU, and pediatric backgrounds from local hospitals.
- ❖ Our goal is to promote independence and a higher quality of life by empowering our patients and their families to be actively involved in their care.
