Believing in the spirit of a child.

Sibshops

Join us for a unique program designed for the siblings of children who have special healthcare needs

Brothers and sisters are often our longest lasting relationships. Sibshops is a curriculum designed to celebrate and support these amazing siblings or "sibs." Sibshops provide sibs with peer support and information in a fun, recreational setting similar to a day camp.

Sibshops are lively, pedal-to-the-metal events where your child will:

- Meet other kids who have a sibling with special healthcare needs.
- Talk about the good parts and the hard parts of having a sibling with special needs.
- Learn about the services their sibling receives.
- Explore how other kids handle sticky situations sometimes faced by their siblings
- Laugh, play games, most importantly, have fun!

To learn more or be added to the waiting list for the next Sibshops class, email Sibshops@childserve.org.
