

# APPLIED BEHAVIOR ANALYSIS (ABA)

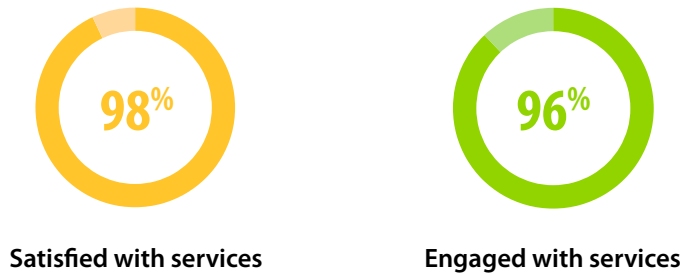

## CHILDREN BY LOCATION

## AGE OF CHILDREN SERVED

## FAMILY SATISFACTION

## EFFECTIVENESS OF SERVICES

Made progress on social-communication skills

For children working towards reducing challenging behaviors:

100%	reported higher levels of happiness, engagement and relaxed demeanor after 6 months of service.
100%	safely accessed more community support resources after 6 months of treatment.
67%	reduced social isolation after 6 months of treatment.
100%	increased safety to themselves and others by reducing the number of challenging behavior-related injuries to themselves and others.
